Download Data

Easily download your data for further analysis.

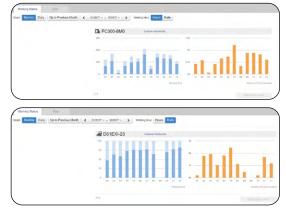

The updated Komtrax gives you more information about your machine in a user-friendly view.

Improved Jobsite Management

By tracking your equipment, you can easily view detailed working hour and fuel consumption data, allowing for better performance management of your fleet.

These charts show working hours and the amount of fuel consumption on each job site.

These charts show the ratio between working hours and the fuel consumed.

You can access Komtrax by scanning the below QR code:
