

KOMTRAX Mobile is now available

With this web based application, you can view fleet machines' data such as Working Hour, Location, and Caution records for the latest 31 days

This web based application is guaranteed to work with no problem on iPhone with iOS7.0.4.

This web based application is currently only available on the iPhone.

Android & Window applications are planned for release late 2014.

KOMTRAX

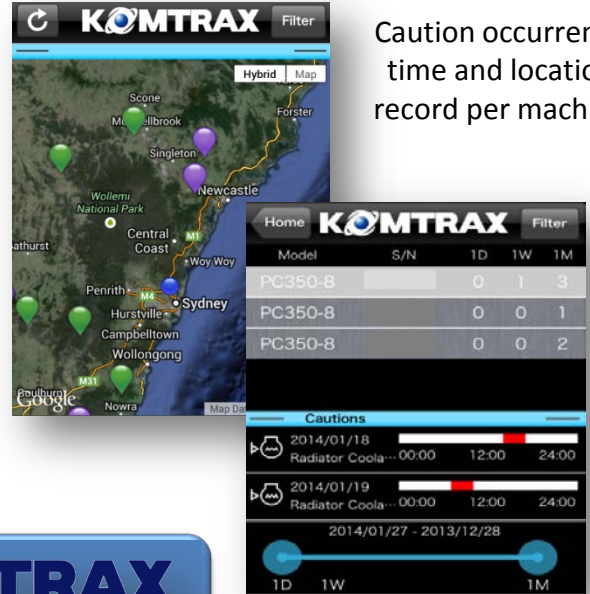

Working Status

- SMR
- Working Hours
- Idling %
- Fuel

Caution Record

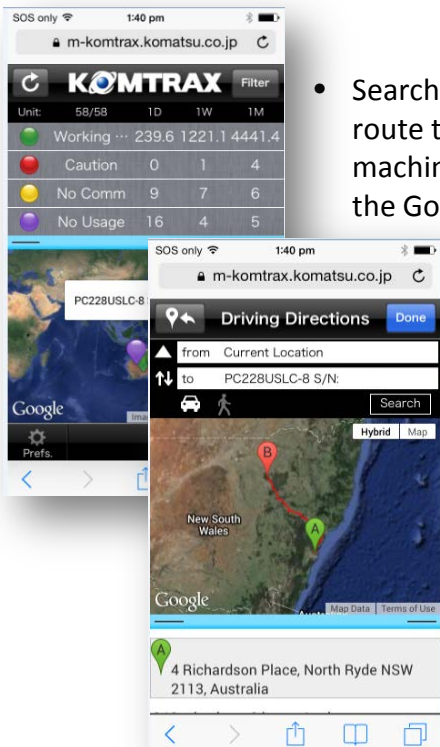

Caution occurrence time and location record per machine

KOMTRAX Mobile Web

Machine Location on Google Maps

- Search driving route to machine using the Google link

Tracking no usage/no communication machine

List of machines not being used/ not communicating for a day, a week, or a month

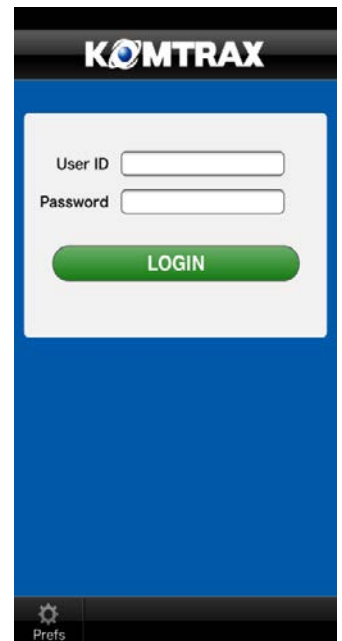

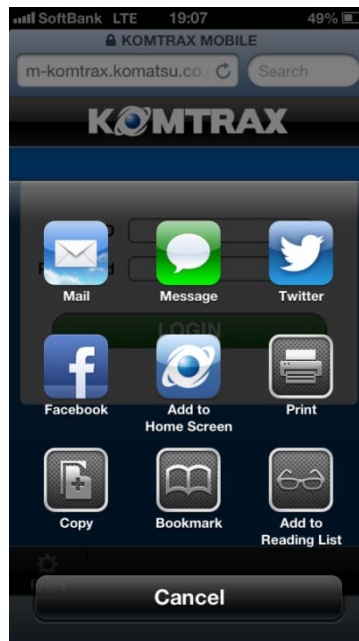

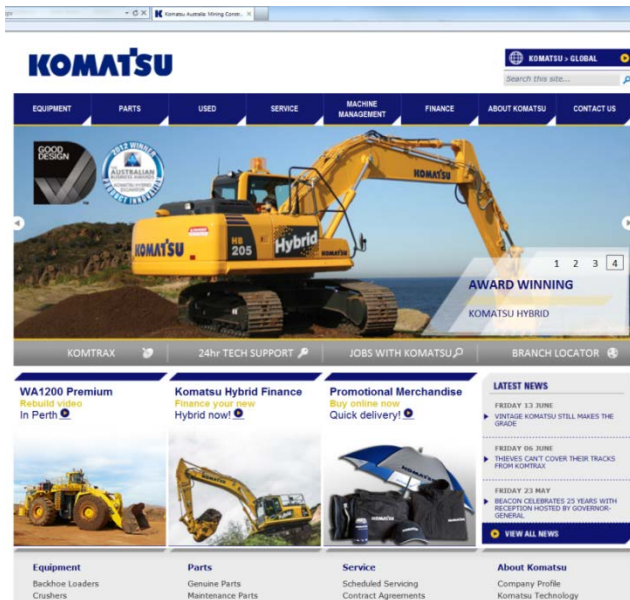

How do I get the iPhone Mobile App?

Simply download the app from www.komatsu.com.au

Logon using your unique KOMTRAX id

If you misplaced your logon or would like to create a account please contact Mary-Jo O'Donovan 1300 566 287 or komtrax@komatsu.com.au
